BreastScreen Australia	13 20 50	https://www.health.gov.au/our-work/breastscreen-australia-program?language=en
<ul style="list-style-type: none"> We are a part of the national BreastScreen Australia program, which is jointly funded by the Commonwealth, and state & territory governments. Women over 40 can have a free mammogram every 2 years and we actively invite women aged 50-74 to screen. We aim to improve the survival rates of people with breast cancer by providing free screening mammograms to people aged 50-74. People aged 40-49 & 75+ are also eligible to attend with a doctor's referral.
